Date April 22, 2021
Contact Phone (425) 301-9541

Address Seattle Department of Construction and
Inspections
700 Fifth Ave
Suite 2000
PO Box 34019
Seattle, WA 98124-4019

Applicant Instructions

Please see the attached flyer to learn "[How to Respond to a SDCI Correction Notice](#)".

If the 3-step process outlined in the aforementioned document is not followed, it is likely that there will be a delay in permit issuance and there is a potential for penalty fees.

Please note that SDCI Geotechnical Engineering Section performs geotechnical/ECA review at SDCI's hourly rate, and this charge is in addition to value-based permit fees collected at intake and permit issuance. SDCI charges the hourly rates for the reviewer's time spent on plan and document review as well as email and telephone correspondence.

Additional information used to develop the correction items below is provided in the following sections.

Codes Reviewed

This project has been reviewed for conformance with the following codes: 2012 Seattle Building Code (SBC); Grading Code; Environmentally Critical Areas Regulations (ECA).

Applicant Instructions

Project Description: "Establish use as hotel and construct substantial alterations for a mixed use building, occupy per plan."

Corrections

1. SMC 22.170.080 C. **Repeated and revised item.** Peat Settlement-Prone Area Covenant

We reviewed the draft covenant and found the following items must be corrected:

- * King County records show the owner of the property is "423 2nd Ave S LLC". Please revise the Grantor to be the property owner.
- * Insert the permit number on the cover page in the appropriate field.
- * Revise Exhibit A to include the full, unabbreviated legal description. This should match the full legal descriptions shown on the survey sheet included in the plan set.
- * Please fill out the signature page you intend to use along with the name(s) of the people who will sign, and their relationship to the property (e.g. Owner, Governor of LLC).

For your response to this correction item, upload a draft of the **unsigned** and **unrecorded** covenant for the reviewer to check. Upload the covenant as a separate document from the plan set and write "Draft Peat Settlement-Prone Area Covenant" in the description.

The reviewer will check the draft covenant during the next review cycle, and will either (1) provide review comments on the covenant through a new correction notice or (2) give you notice that you can record the covenant with the King County Recorder's Office.

Please do not record the document until after the SDCI reviewer has checked your draft. If there are errors in it, you will need to record a corrected document.
